

2002 SEED CAPITAL INVESTMENT TAX CREDIT WORKSHEET INSTRUCTIONS

This credit, administered by the Finance Authority of Maine ("FAME"), is intended for investments in new or recent business ventures, directly and through private venture capital funds. FAME issues a certificate to investors for up to forty percent of the cash equity they provide to eligible Maine businesses. Investments may be used for fixed assets, research or working capital. Effective July 21, 2002, investments made in eligible businesses located in high-unemployment areas as determined by FAME, are eligible for a tax credit of up to 60 percent of investment. For certificates issued after September 20, 2001 and before July 1, 2002 for investments made during that time period, the credit is fifteen percent of the authorized credit for each of the first six years (beginning with the tax year the credit certificate was issued) and 10% in the seventh year. (For investments made prior to September 21, 2001, 50% of the authorized credit is allowed in each of two tax years.) For investments made on or after July 1, 2002, twenty five percent of the authorized credit may be used for each tax year beginning with the tax year during which the investment was made. A copy of the credit certificate must be attached to your tax return. Special rules apply to investments that qualify for the credit. If you have any questions regarding investments that qualify for the credit, call FAME at 1-800-228-3734. If a credit certificate is revoked by FAME, a portion of the credit relating to the revoked certificate may be subject to recapture. The recapture amount is equal to the amount of the credit revoked by FAME minus the amount of the credit not yet taken by the taxpayer. The recapture amount is included as an additional tax on the Maine return. For details, *see* 10 M.R.S.A. § 1100-T and 36 M.R.S.A. § 5216-B and FAME rules, Chapter 307. **For more information, you may visit the FAME web page at www.famemaine.com.** The credit is limited to 50% of the tax liability of the taxpayer in any one year. The credit may be carried forward for up to 15 years.

What investments qualify for the Seed Capital Investment Tax Credit? An aggregate investment up to \$5,000,000 per business is eligible. The investment must be at risk for five years.
